## Part 1 – Introduction and Background

In April 2016 lay leaders and clergy of the Anglican churches in West Quebec, the Visioning Team (VT), met for one day to spend time in prayer, worship and to think strategically about God’s long term vision for the Deanery of West Quebec (DWQ), Anglican Diocese of Ottawa.

This meeting resulted in Vision 2021, the highlight of which was a set of ten Key Strategic Outcomes (KSO’s) that are the key attributes of the church in West Quebec that we discerned God wishes us to become.

With this strategic framework in place the next step was for a “Deanery Action Team” (DAT) to meet and work out the first steps the Deanery needs to take to convert the KSO’s into action and help us move the church toward what God wants.

The DAT met on September 10 and was comprised of more than 40 men and women including all the clergy in the Deanery and more than 35 lay leaders representing the parishes that make up DWQ. The parishes and their churches and chapels include –

- 921 members on the parish roles
- 580 members in full communion
- 526 Identified givers
- 335 in attendance on average

The meeting was also attended by Bishop John and other representatives of the Bishops' office, staff and committee members.

Peter Reid, a licensed lay reader in the Parish of Northern Pontiac, was again asked by the clergy in the DWQ to facilitate this next phase of the discernment process.

## **PART 2: The Key Strategic Outcomes (KSO's)**

The purpose of Vision 2021- Part 1 in April was to create a set of attributes or characteristics that taken as a whole would describe, or paint a picture of, the Anglican Church in the Deanery of West Quebec by the end of 2021.

These characteristics are referred to as Key Strategic Outcomes or KSO's. The KSO's discerned by the Visioning Team in April 2016 are the following:

### ***Key Strategic Outcomes***

***By the end of 2021, the churches comprising the Deanery of West Quebec will –***

- 1. Have a new deanery and parish structure that enables congregants, clergy and communities to work together and share each other's strengths more effectively.***
- 2. Have meaning and purpose knowing who they are and what they stand for as part of the Deanery of West Quebec and the Diocese of Ottawa.***
- 3. Be Spirit led, faithful to the gospel, forgiving, hopeful and humble in spirit and in listening to God.***
- 4. Be open and welcoming, and inclusive of all.***
- 5. Have worship that is creative, exciting, lively, joyful and honouring of our Anglican liturgical tradition.***
- 6. Be known as welcoming to those who are exploring their faith and their spirituality.***
- 7. Be spiritual way stations that lead, teach, renew and transform Disciples of Christ who desire to deepen their faith.***
- 8. Be relevant, other centered bodies that are both proactive and responsive in reaching out "beyond the walls" to the communities in which we live.***
- 9. Be willing to risk and open to new ways and new structures yet respectful, objective guardians of our heritage.***

**10. Be growing bodies of believers that are fiscally sound, not bound nor burdened by our past or our buildings, but enthused and praise-filled about the future God lays out before us.**

### **PART 3: What Resources/Tools do we have in the Deanery?**

Having discerned God's vision for our Deanery by 2021 as expressed in our KSO's, the Deanery Action Team was asked to identify the resources, assets and tools we currently possess in our parishes that we can use to help us get there.

These are the resources the team identified-

- Human resources that have the technical skill to develop a deanery website (Susan and Mary)
- Buildings
- Committed individuals
- Prayer
- Ecumenical Mental Health Initiative; Low, Kaz (Susan Derby)
- Let's Talk: TORIC- What is Anglican anyway?; Christ Church Aylmer (Susan and Eric)

preparing and serving for church meetings, community meals, and fundraisers).

- Parish Ministry Institute Coming!

## **PART 4: Converting Strategic Vision into Executable Plans**

With the KSO's as the signposts marking our destination, the purpose of this meeting was to convert Vision 2021, our "desired future state", into actions that will take us there. These actions are expressed as Objectives and need to be identified first at the Deanery level, then at Parish and individual church levels.

The Deanery Action Team, given the time available, decided to focus its attention on the highest organizational level – the Deanery of West Quebec.

The question posed to the DAT was-

"In the context of our KSO's what activities or objectives do we need to set for ourselves to accomplish over the next five quarters, beginning October, 2016 and ending December 31, 2017?"

Successful achievement of feasible objectives will assist in advancing the church toward the Vision 2021 church in West Quebec.

The DAT were split into four "cross-deanery" groups and given a template to use so that the submissions of objectives might have a standard and consistent style.

The Objective template was to answer the five questions that follow:-

**What** – Using an active verb in describing the action to be undertaken

**Why** – Link to one or more KSO's and to explain why the Deanery should be proactive on this action

**Who** – Identifies who is going to complete the action

**When** – Identifies the Quarter in which the action will start and be completed

**How Measure Success** – States an output from the action that will tell us if we have successfully achieved the objective.

Each of the four cross-deanery teams produced a set of the Deanery objectives that

that team felt was necessary to complete in order to advance toward the church God revealed to us in April, 2016.

Two versions were produced at the meeting and each version was critiqued for improvement by the rest of the team members present. Representatives from each team took away V2 of the team’s objectives to produce a third submission which was then forwarded to the facilitator for –

- a) inclusion in the final report of the meeting, and
- b) more importantly, integration with the other teams’ submissions to produce a draft Deanery Operating Plan for 2017.

The submissions from each team have been **edited for format only** at this point and are included below:-

<b>Team 3</b>		
<b>1</b>	<b>What</b>	Creating One New structure out of all parishes in the Deanery; with a likely hood of 3 main worship centers placed strategically around the Deanery. This objective would help share all resources of the community such as financial, human, buildings, outreach, etc. In practical terms, it would help us to do ministry better giving better access to components such as regular Eucharist and Pastoral support for outline communities and Christian Education opportunities. In emotional and physiological terms the hope would be that we can work together as one group of Christians and ease the current feelings of isolation and sadness of the current state of ministry in the Deanery.
	<b>Why</b>	All KSOs
	<b>Who</b>	Committee/working team comprised of Archdeacon, Regional Dean and laity which, fully represents the needs and sensitivities of the communities in the Deanery. (maximum - 10 people)

<b>2</b>	<b>What</b>	<p>Developing a Mobile Church in order to reach communities with a viable ministry and social justice programs. This would allow for delivering ministry to a wide variety of people within the geographical area, particularly isolated communities. To begin with this ministry might start with carpooling or having a bus pick up people and take them to church. The ultimate answer could be the development of a mobile ministry which would include a fully outfitted converted mobile home to:</p> <ul style="list-style-type: none"> <li>• deliver mass, Christian Education and other ministry services to small numbers of people.</li> <li>• advertise the Anglican presence</li> <li>• deliver of social justice programs and resources</li> </ul> <p>This ministry would initially require a working group to consult with parishes to determine their needs, wants or objections and then to develop a staged operating plan (with options) for moving forward. A mobile ministry would help people attend church, become part of the larger community and perhaps relieve the need to keep buildings operational</p>
	<b>Why</b>	All KSOs
	<b>Who</b>	A Champion (laity) with knowledge of the geographic and ministry needs of the Deanery and a Working group comprised of laity which, fully represents the needs and sensitivities of the communities in the Deanery. (maximum 10 people)
	<b>When</b>	<b>Q2</b> - strike a Mobile ministry working group. <b>Q4</b> - publish viable options for community members to access <b>2018</b> – develop long term plans if approved
	<b>How measure</b>	Development of working group; Consultations within the deanery; Plan published and approved for the short time and long term; Development of resources for people to access this ministry
<b>3</b>	<b>What</b>	<p>Building a Social Justice/Outreach/ programs across the deanery with ecumenical partners.</p> <p>This project would help share all social justice/outreach resources of the global community in West Quebec. Small</p>

		communities find it both difficult to access services and support systems such as Mental Health initiatives, food banks and initiatives such as Coat Drives. Some of our communities are already working on these initiatives yet some lack resources such as funding or human resources; or to take advantages of government programmes available. Building ecumenical partnerships will enable all Christian churches to both provide and access a variety of services needed within their geographical communities.
	<b>Why</b>	All KSO Building of a stronger ecumenical community and a greater awareness of the Christian Community and ethos within West Quebec.
	<b>Who</b>	Lay champion to take on 1 <sup>st</sup> Quarter activity and an Ecumenical Working Group representative of all of West Quebec
	<b>When</b>	<b>Q1</b> strike a working group from members of Deanery with a heart for social justice ministry; <b>Q2</b> Invite ecumenical churches and social justice groups to a meeting to discuss possibilities <b>Q3</b> -strike an ecumenical working group
	<b>How measure</b>	Development of an initial working group Development of a Regional Ecumenical West Quebec working group.
<b>4</b>	<b>What</b>	Develop French Ministry Component to Serve Francophones and Francophiles in West Quebec

## Part 5: Creating the Deanery Annual Operating Plan for 2017

To begin the process of Deanery transformation the Deanery Action Team was asked to identify an effective and efficient way to integrate the four team submissions into a single Deanery Annual Operating Plan for 2017.

As a result an editing team was struck comprising members from each of the four groups representing all parishes.

Using our Objective Template as a guide this is the objective of the team:
